Pursuant to the Revised and Amended Case Management Order for the Estimation of Asbestos Personal Injury Liabilities ("CMO"), dated December 5, 2007, the parties are required to file a list of the witnesses expected to be called during their case in chief during the Estimation Hearing, in the order in which the parties calling the witnesses expect to call them. The Official Committee of Asbestos Personal Injury Claimants ("ACC") and David T. Per agreement with the Debtors, this list also includes those witnesses who are expected to be called in May. This list assumes that the Debtors will complete their case-in-chief on March 26 or March 31. The ACC/FCR witnesses will be presented in the following order:

The ACC and FCR also expect to present testimony by deposition or prior trial from Donald Prouty, Braxton Colley and representatives of Rust Consulting and BMC. That testimony, as well as the deposition testimony of Messrs. Beber, Hughes, Siegel and Posner, will be designated 14 days in advance of presentation as required by the CMO and will be presented

to the Court during the Estimation Hearing when time is available between live witness testimony.

The order of witnesses will be updated weekly and could change if Grace does not complete its case in chief by March 31. This list does not include rebuttal witnesses.
